

**JUNE 16 2011**

**DOWNTOWN REINVESTMENT PROGRAM:  
ORANGE STREET INTERSECTION REHABILITATION PROJECT**

As of June 16, 2011, the rehabilitation of the Orange Street brick pavers at State Street, Redlands Boulevard, Shoppers Lane, Stuart Avenue and Pearl Avenue is on schedule and anticipated to be finished by June 29.

Work has already been completed on the bricks at the intersection at Orange and State Streets and work is anticipated to be completed on the northbound lanes of Orange Street at Redlands Boulevard, Shoppers Lane, Stuart Avenue and Pearl Avenue on Saturday June 18. At that time, work will shift to the southbound lanes at those intersections. Based on the progression of construction, the sequencing of the project has changed and work on the southbound lanes of Shoppers, Stuart and Pearl will now occur prior to the intersection at Redlands.

**DURING CONSTRUCTION, ACCESS TO ALL BUSINESSES WILL BE PROVIDED.**
